## INSIDE THIS ISSUE

Meet the team, distribution drives, campaigns, achievements and more!

# **ABOUT HELPING**

## **HUT NGO**

**Helping Hut NGO was started with a vibrant vision to create a NO beggar environment around us and ensure every needy gets the right of living. Its mission is to provide employment opportunities to as many beggars as it can and make society beggar free.**

**Being started like a drop of help in the ocean of problems people face in their life, Helping Hut NGO aims to cater to all those in need. To feed the starving, to bring a small ray of happiness by doing small things actually do not need a million dollars and with little love, little care and a little change to our lifestyles, we as people can create an impact on someone's life.**

**Helping Hut NGO thus organises various activities which include online campaigns, ground work and enthusiastic competitions to bring out the best in you. Some of our online campaigns were on to save water, to plant more trees and the most impactful Utthan Abhiyan which was a step towards awareness of government policies to the needy one.**

**Various competitions organised touched many aspects of our life through art and craft, poetry, creative writing and enhancing knowledge through quizzes. The topics selected were interesting as well as important in one's life such as 'Health and Unite India', 'Mental Health and Corona as a Medical and Social Problem' and many more.**

**Ground work encourages our helping hut soldiers to bring a smile on a needy's face through their constant efforts. It also helps to spread awareness among the people. It included distribution drives of masks, education kits, clothes etc. It also included the noble work of spreading education among urban poor and rural children so that they can also get an opportunity to fly with their wings of education and soar to great heights.**

**Thus, Helping Hut NGO started with a single ray of help wishes to spread like sunshine and to bring people out of darkness of deprived knowledge and resources. We work to ensure every needy gets the right of living.**

# **OUR VISION**

**“A vision is not just a picture of what could be; it is an appeal to our better selves, a call to become something more”**

**-Rosabeth Moss Kanter**

**We at HELPING HUT NGO envision building a just and compassionate society by organizing various drives, campaigns, interactive sessions, and raising funds for the needy in order to make this world a better place to live in.**

# **OUR AIM**

- **TO PUT AN END TO BEGGARY**

**Beggary is not an option for livelihood. We aim to provide beggars occupation for their livelihood which is totally suitable for them and beneath their ability**

- **HELPING POOR**

**No one should sleep hungry. To help someone, money is not an important thing but willingness is. We aim to provide help to poor people in any way possible.**

- **EDUCATION FOR EVERYONE**

**Money should not be a reason for poor kids not getting an education. We provide free education to poor children rural areas**

- **HELPING NATURE IN HEALING**

**We cannot imagine our lives without the existence of nature. Our aim is to preserve our nature and keep it safe and in its pristine form for our future.**

# **OUR MISSION**

**Our non-profit organization exists with the core mission to create a world where everyone has a decent place to live and to leave a sustainable world for future generations. We work to ensure that every needy person gets their right to living. We are a bunch of students who formed this NGO with the visions like helping poor in any way possible, stopping beggary by giving them some occupation and helping poor kids in getting education. And we aim to achieve that by collecting monthly funds from our team and volunteers and later spend that fund on implementation of our vision. We start at least 2 campaigns per month to achieve our goals sustainably.**

# **FOUNDER'S** **MESSAGE**

**Raghvendra Pratap Singh**  
**Founder & CEO**

**Happy First Foundation Day ✨**

**Today we completed one year of our  
existence.**

**This beginning was a new beginning  
in my life which has put smiles on  
many faces. When i started this with  
some of my friends, there was a  
passion for working in everyone and i  
am very happy that they have kept  
their passion till now and hope that in  
future also everyone unites with this  
passion and work tirelessly for the  
underprivileged children and  
beggars. Will work together and fulfill  
the purpose of this organization soon.**

**I would humble like to express my  
sincerest gratitude to all my  
volunteers & friends for their  
overwhelming response &  
contribution to the NGO.**

# **MESSAGE FROM** **THE CORE TEAM**

**Prerna Raj**  
**Co-Founder**

**It has been a great experience working in NGO right from beginning when it started and how we few people discussed and worked on our plan initially and now expanding it to so many different cities all across India having volunteers in each of them is a sense of pride for all of us.**

**It wouldn't have been possible with the constant guidance and support of Raghvendra who initiated it and made it happen.**

**It's been a year now , we did tried to help as many people as we can by all the means which we can contribute into and we succeeded even.**

**For future just wanted to say will do much more than what we are doing and me and my team will be greatful if we can change even a little bit in the society and can bring smiles on people's face. After all it's not the government or fate which we can depend on we can too help people if we have the determination and love for others.**

**Vinay**  
**Co-Founder**

**If I have to describe my experience in helping hunt NGO in one word it would be 'wholesome'. The satisfaction of making a positive change in someone's life is worth every second I devoted in this organization. By helping other through this NGO I became more humane than I ever was.**

**Mohit Nagar**  
**Treasurer**

**In the event that I need to depict my involvement with helping hut NGO in single word it would be 'healthy'. The fulfillment of rolling out a positive improvement in somebody's life merits each subsequent I committed in this association. By helping others through this NGO I turned out to be more altruistic than I at any point was.**

**Anchal**  
**Content Coordinator**

**I joined Helping Hut last year as a content writer. i am loving to work in an NGO as it is a work of my intrest and also we get to know how to help others . I love to see those smiling and satisfying faces of theirs after we are able to gain some happiness for them.**

**Roshni Ramesan**  
**Graphics Coordinator**

**Working with Helping Hut NGO has been a rewarding experience, in part due to the enthusiasm and dedication of the team that runs the NGO. Helping Hut has worked tirelessly through the pandemic and I am grateful to be a part of such an organisation.**

**Manju Lather**  
**Social Media Coordinator**

**I started working with this ngo a year before. It is an amazing experience. It learned & came to know a lot of things working with this ngo. Though i couldn't join the ground works due to this pandemic yet it is really good experience contributing in this ngo as it is doing a incredible job .Hope to work more for the society**

**Shubham Agarwal**  
**Event Coordinator**

**Helping Hut Ngo this is a initiative start by my mates to help the beggars. My experience in this ngo is wonderful because we know if we help other than we got a great satisfaction & after joining this ngo me & my team mates put up different different ideas to help others which give us a great satisfaction.**

**Yogita Prajapati**  
**Coordinator of Team Delhi**

**Helping Hut NGO works for many poor families directly or indirectly . And many times visits many slum areas to inspection for needy peoples. I got to know about this NGO through instagram. I joined it as a representative of maitreyi college,I have been working with this NGO past one year, during lockdown . I didn't got to do any field work at that time, But later I did in my own village by distributing study kit and in delhi slums too by distributing sanitary pads. Still I love being part of such a team where everyone is willing to give their best even in these tough times!! ♥ Helping Hut NGO volunteers regularly work for covid-19 patients and their families.**

**Harshika**  
**Coordinator of Team Gwalior**

**I always wanted to work with an NGO which works for the benefit of the society and helps the needy people. And I got selected in Helping hut NGO where I was able to offer my help to the people who are in need . Indeed it was an amazing experience . The greatest advantage of non profit work is the satisfaction you feel while working. The ability to direct influence and help a weaker section of society is extremely rewarding. You'll know you are creating positive change, and that's a great source of mental peace. Helping hut NGO works in various field like they provide education to underprivileged children, they provide jobs to beggar , they organise different types of drives . Being a part of such an organisation which is working selflessly and giving an example of humanity gives me a proud feeling that i am working for the development of my society. Due to this pandemic situation I have been volunteering from home. We had online sessions in which we discussed about various issues and ideas so that the NGO can work more smoothly in this pandemic situation. Volunteering helps you build interpersonal skills and accelerates your personal growth.**

**Neelesh Sharma**  
**Sub-Coordinator of Team Gwalior**

**If I'm talking about my experience then my experience is amazing because after joining this ngo i know the feeling when u help someone and I learn so many things also like teamwork, leadership,management, communication, etc and many more things. So it was a wonderful journey for me till now I hope it will as it was going and with some upgrade. I really enjoy this journey and never want to leave this. Thankyou all the members who gave me the chance to help others. It's a best ever experience. Because now I can feel that happiness.This journey is really a best part of my life ever.**

**Nancy Gahlot**  
**Coordinator- Team Dwarka**

**Working with Helping Hut NGO have been great. In the very beginning, I couldn't be a part of the NGO. I always thought I might have missed this opportunity but soon, I joined the NGO and I am very happy I did. Helping Hut is increasing its reach slowly and steadily. I think being a part of such an amazing platform is very appreciative from my side. All the plannings of fund raisers, all the donation drives, competitions and all other works organized so far have been a success. Although I joined a bit late but I look forward to be its member in the future as well. All in all working with such an organization with all the excellencies is very nice. I hope with all our continuous joint efforts we will be able to enlarge our reach and help as many people as possible.**

**Payal**  
**Sub-Coordinator - Team Dwarka**

**Positioned as Core member and Team Representative of team Dwarka at Helping Hut NGO. I have Joined this NGO 1 year ago with enthusiasm and willingness to help the needy and to do Other social work and it has been a great journey of 1 year with work of kindness. Being a person with kindness is better than being a person with a hard heart. Helping Hut NGO is doing a Great Work to set the world in the right direction. I am really enjoying this part of my life being in this NGO. This Nourishes my soul with happiness.**  
**# Have Courage and Be Kind Because Kindness matters.**

**Ankit**  
**Team Patna Coordinator**

**After joining hands with Helping Hut NGO and working on the ground level, for the society made me feel the real satisfaction. It made me realize that the happiness lies in the smiles you bring on other's face. Also, it helped me to inculcate a better personality, team management and leadership skills.**

**Mayur Dhanani**  
**Team Mumbai Coordinator**

**It's a great experience to get joined with Helping Hut Ngo n work together in unity for the world in all aspects in all situations , we made our hand forward to help.**

**We successful held different events like food distribution drive , sanitary pads distribution drive , cloths distribution drive ,and also held sanitation and mask distribution to come out of this covid pandemic, many more drive held**

**In different places like Mumbai , jaipur , rajasthan, etc.**

**I'm glad to be part of such a great NGO**

**Nikita Kushwaha**  
**Coordinator of Team Gorakhpur**

**I Helping Hut , a place which will always have a place in my heart , a place where I could explore myself and push my limits , a place where I could play a small but an important part in the overall welfare of the society , a place where people are so loving and warm that it never feels that you're out of your home !**

**Sitting at home idly was never fun for me , in this feeling of loneliness and helplessness when everyone was suffering and in pain , I really wanted to do something . The opportunity came up to me after some days as 'Helping Hut'. The sense of satisfaction you achieve when you actually do even a bit for people is immense.**

**Manoj Kumar**  
**Coordinator of Team Himachal Pradesh**

**I joined the NGO with motive to explore my self and use my potential in the direction of ngo work. It was a great learning experience with personal growth with one of best mind associated with NGO.**

**In Dwarka, a man, who used to be a tailor, had to resort to begging for years to survive. Our NGO came forward to provide him with a sewing machine to help him live a dignified life.**

**AFTER**

# **BEGGAR** **TRANSFORMATION**

HELPING HUT NGO also helped a beggar in transforming his life in many ways.

A man in dwarka, who begged for many years to survive

We, HELPING HUT NGO, came forward and provided a sewing machine for making their life better and help them in living a dignified life.

Like this, we help beggars to transform their life towards a brighter future.

Proud to say it that our HELPING HUT NGO also engaged in doing a great work

# HELPING COLLEGE STUDENTS

The NGO helps people to get to meet their basic needs and with food clothing shelter , education is also a basic thing that all people have right to earn it.

Pushpender and Bhanu are thankful of HELPING HUT NGO for helping us our toughest time

They raised funds to pay our college fees and, also, sustain us in our pursuit of quality education by availing the necessities..

# DISTRIBUTION DRIVES

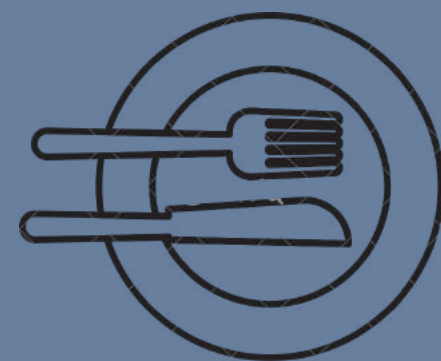

## FOOD DISTRIBUTION DRIVE

During the time of the pandemic, the poor were hit the worst. Not only they lost their sources of livelihood but many lost their chance to survive. When the country was suffering from the lack of facilities such as hospitals and oxygen, our poor people were not even able to meet the requirement of the basic necessity of daily life i.e. food.

Our team of volunteers organized food distribution drives to help those in need. The drives were organized in cities - Patna, New Delhi and Kota. Team Patna distributed 50+ packets of food to those in need. Team Delhi also stepped in and distributed stationary kit along with food packets at D Block, Gali No. 5, Bharat Vihar, Kakrola in collaboration with NSS, DDUC on 10th of April, 2021. Team Kota also reached people affected by the lockdown at Village Khariya, Rajasthan on 26 May, 2021 and distributed raw food material.

In each distribution drive, proper emphasis was laid on the protocols. The volunteers were masked and carried their own sanitizers. Social distancing was followed wherever and whenever required.

We feel that as human beings, it's our responsibility to help the most vulnerable amongst us in their times of need. We appeal to all citizens to come forward to join in our efforts, so we can reach out more to people in need and help them out.

## SANITARY PADS DISTRIBUTION DRIVE

“Menstruation is a painful phase every woman has to go through in her life. It is even more painful than what people consider it - 'a taboo' in today's society.

The members of our “Helping Hut NGO” aimed to spread awareness and distribute sanitary pads to women who needed them very much as the adolescent girls and women of the needy communities. We educated both men and women about menstrual hygiene and problems that are caused by the lack of menstrual hygiene. They were quite satisfied and overwhelmed after getting proper knowledge about menstruation.

Many women shared their experiences, everyday troubles and appreciated our efforts. Looking at their relieved and smiling faces made this campaign worth the collaborative efforts of our team members put together.

This is only a small fraction of our many activities aiming for spreading awareness and smiles across members of Indian society. We hope to achieve much large and better goals in the future.

## CLOTHES DISTRIBUTION DRIVE

There are many less privileged people, specially those living on the streets, by the roadsides, on the footpaths, inside subways and under the bridges. It is very disheartening to see them survive in such harsh living conditions. We have come across many such people who have been surviving in such poverty stricken conditions that the more we reach out to these people, the more we come across the similar types.

To give an underprivileged person a pair of clothes is as good as dressing him with self-respect. We often buy new clothes so casually that it doesn't even make a difference anymore. We'd have unused clothes in our cupboards, just lying there with tags, waiting for us to wear them while we are waiting for some special occasion or maybe we don't like them anymore.

This may not be a huge deal for us but it sure is for someone who just wishes for a piece of cloth on their bodies. Who just wishes they don't have to roam around in all ripped clothes. Keeping this in mind, our Team Patna, Team Dwarka and Team Gwalior organised clothes distribution campaigns and distributed clothes to those who are helpless or can't afford to do so. This effort of "The Helping Hut" is endeavoured to bring some shadows of hope in the lives of the needy.

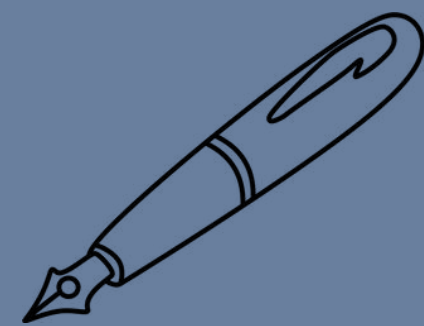

## STATIONARY KIT DISTRIBUTION DRIVE

“ By education I mean an all-round drawing out of the best in the child and man; body, mind and spirit.” Mahatma Gandhi

As we all know Quality and importance of education is increasing day by day. But many childrens are unable to get the education they deserve because of poor family condition. The HELPING HUT NGO derived the stationary kit distribution drive in collaboration with NSS, DDUC by beliving that quality education is the childs right. That was a great experiance for our volunteers and members. we all felt cheerful by seeing their happy faces.

Education helps a person in nourishing his present and future by ensuring the aim of life. Quality education is the right of every children. By helping them in their studies we can help them in building a foundation not of only their life but nations also. To build a positive world, every country needs educated children as they are the powerful weapons that build a nation. life is all about learning not just living. We should support the underprivilage students in their studies.

Education establishes the feeling of pride and self-esteem in young minds.

## RATION DISTRIBUTION DRIVE

The unequal distribution of food is one of world's most tragic fact. Millions of people die because they have too little to eat and may die because they have too much. - Laura Huxley

This quote made us realise how many people die of starvation every day while we waste our food. Everyone requires food otherwise how are we supposed to survive? Everyone should have the right to a healthy lifestyle, especially when so much food is wasted. According to the EPA in 2018, the commercial, institutional, and residential sectors created an estimated \*63.1 million tonnes of food wasted . This data appears to be quite horrible. One item of food can be used in a variety of ways without getting old or out-of-date. Food that is considered waste can be used for a variety of purposes. One of the purpose is to feed the hungry. We are currently combating the second wave of Covid-19, which has resulted in an increase in the number of patients and a government-imposed lockdown. As a result of the pandemic, there has been an unexpected increase in food insecurity and demand for free food for the poor. In response, our prestigious NGO, 'The Helping Hunt NGO,' realized that it would be extremely difficult for those who earned their living on a daily basis. To extend ourselves and care for those, we reached out to the most vulnerable section of the society, namely daily wagers and farmers, and distributed dry ration items by Volunteers of Team Kota at Village Kharija Rajasthan on 26th of May 2021. Also our volunteers keep one thing in mind to taken necessary hygiene precautions by wearing gloves ,face mask and using hand sanitizer during the distribution drive .

So in this way, we raised hope for many people and were kind enough to stand for the nation and Society to brighten the lives of all those who are in need. We the people of Helping Hut of NGO fill the deep gratitude towards our volunteer for being the blessed ones for spreading their love and hence we worked towards the objective of our hand our NGO that is Every needy should get the right of Living.

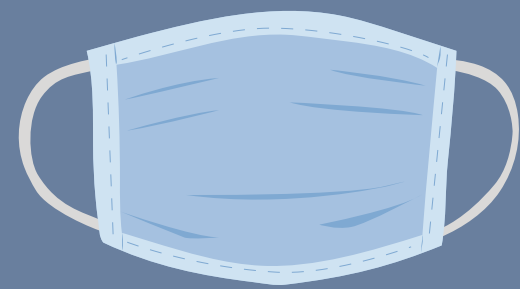

## MASK DISTRIBUTION DRIVE

The sudden outbreak of the Coronavirus Pandemic sent the whole world into a whirlwind. Countries got a high amount of COVID-19 infections and many people died. Keeping this in mind, the Government of India announced a nationwide lockdown. This was a vital step in putting brakes on the infection rate. But this sudden announcement, though necessary, came as a huge burden on the whole nation. In cities, wearing masks has been made compulsory.

"Masks will become a symbol of a civilised society. If you want to protect yourselves and others from the disease, the use of a mask is important," PM Narendra Modi had said in his address to the nation via the radio programme Mann Ki Baat .So with the idea of ensuring that the poor will not find any difficulty in finding the masks, our prestigious Helping Hut NGO came out with the initiative of distribution of Masks. Then the volunteers of our NGOs have distributed masks in large numbers to the needy people at .The scientific theory is clear that any mask will be effective only when all the other measures like social distancing and hand hygiene are followed. Also some precautions need to be followed while using and storing masks every day as well for them to be effective, like not to touch the masks while wearing them in public.

So in this way our NGO came together to fight the second wave. Our small contribution was done help those who can't afford those masks and to motivate those who are involve in mask making. We will stay safe if we focus on masking, self-wellness and vaccination, and most importantly, our sense of community.

## BLANKET DISTRIBUTION DRIVE

"The best way to find yourself is to lose yourself in the service of others." — Mahatma Gandhi."

In the freezing December night of India, when the entire city dons their sweaters, monkey-caps and mufflers with a hot cup of tea, there are few under-privileged who cannot afford even a blanket and die – without a roof or cloth on their bare bodies – to add one more to the count of deaths in North India due to cold wave every year

With respect to humanity with  
respect to beautiful souls  
Helping hut Ngo come to serve  
for each and every individual  
with equal love and safety in this  
freezing time.

Zindgi Vo jo Kisi ke kam aa sake  
Varne Apne liye Toh Sab je he  
rahe hai  
Mohabbat Nazro me ho Esaro se  
jata sakte  
Par agar Dil me toh Toh Aise  
dikha sakte Ho

# CAMPAIGNS

Today everyone is engaged in the race of development, factories and transport are reason for pollution. the smoke is coming out from factory is getting in the air because of this air is getting polluted and poisonous and this lead to global warming and waste material getting discharge in to lake or river it leads water pollution and people drink that water and people get sick under the guise of development, people are cutting trees for spreading commercialize area due to this oxygen in air decreasing day by day and carbon dioxide is increasing in air day by day.

By seeing the situation on the occasion of national pollution control day "HELPING HUT NGO" organized the digital campaign regarding pollution in which we made some videos in which kids made the awareness poster through their creativity regarding pollution .

## POLLUTION DAY AWARENESS CAMPAIGN

When we outside of our house for 5 minutes in summer at temperature of 45 degree and then come inside house then we feel thirsty we used to say "oh god how hot is it outside the house I am feeling so thirsty I need to take glucose" Have you ever imagine how the birds would live in the midst of hot air when the temperature is 45 degree in summer ?? Birds are also living being they also feel hot and thirsty in summer . So as a human being it is our duty to provide them water.

So our Helping Hut NGO ran a campaign in online mode

"Keep water save life" the main aim of our campaign was that no Birds in our society should affected from summer so volunteer of our NGO keep the pot filled with water near there balcony or somewhere as where birds easily can find water and our Volunteers can also see nature beauty.....

## KEEP WATER SAVE LIFE

## CLEANLINESS CAMPAIGN

Just think once about any stray whom you have seen around your house or on the way, try to remember them panting in summers and shivering in winters. If they are hurt they would sit in the corner or in a hideout but won't ever make a sound. Just to make those suffering little less please join hands and help us .

ITS NOT RESTRICTED TO US, EVEN ANYONE OF YOU CAN COME AND DJOIN US AND FEED THESE SOULS AND RESCUE THEM AND HELP THEM WITH US. As we humans can't live without food, water and shelter, these voiceless souls too need a place to sleep in, play in and where they are safe, they need food, need water just like us. They stay hungry for days and days sometimes weeks and weeks but none of us care to even give our left overs to them. Can we stay hungry for weeks and still not complain? The answer is NO but they do. Just to bring this misery of them down to svome level we are trying to feed them by giving task to our volunteers and requesting people to do the same . We had organised a campaign on feeding voiceless and some what it was successful.

WA good health is a combination of both physical and mental well being. The people have already felt glooms of health issues and mental health problems amidst this pandemic. Members of HELPING HUT NGO had organized a quiz competition on myths and facts about covid-19 vaccination. The aim behind the competition was to make people aware about the right facts about covid-19.

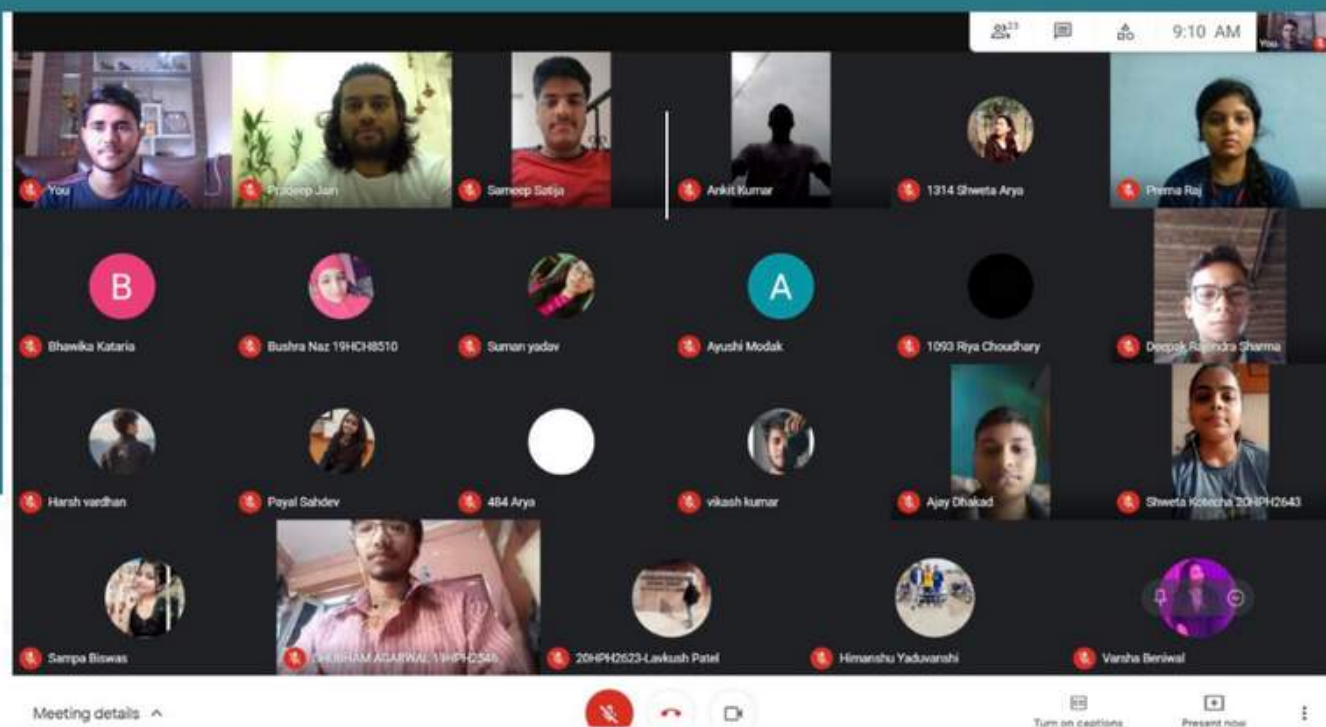

The HELPING HUT NGO had also organized a digital awareness campaign to spread awareness about novel coronavirus and the ways to prevent the infection from further spreading. Important points were highlighted and explained well. It aimed at educating more and more people about prevent of covid-19 infection and importance of staying at home amidst covid-19 pandemic.

## COVID-19 AWARENESS CAMPAIGN

# LIVE YOGA SESSION

21ST JUNE 2021

HELPING HUT NGO IN ASSOCIATION  
WITH THE ART OF LIVING

Helping Hut is also not behind to promote a healthy lifestyle and mindset to people around us. For this, we organise a number of health awareness campaigns ranging from sessions on exercises and yoga to keeping ourselves sanitised especially in the time of this devastating pandemic.

Through our social media channels, people are taught how one needs to maintain a healthy and balanced diet, good hygiene habits, staying in a proper shelter and enough sleep. People are encouraged to participate in physical activities, weight management and stress management activities. Special focus is given to covid-19 health protocols with telling the public about various do's and don'ts to be safe from covid-19.

Some of the sessions and campaigns organised to spread awareness about health among people are:

- 1) Live Yoga Session on 21 June 2021.
  - 2) Team Dwarka, Sanitary Pad Distribution Drive.
  - 3) Mask Distribution Drive.
  - 4) Online Quiz Competition 'Observance' on health.
- and many more.

## HEALTH AWARENESS CAMPAIGN

Trees are the most important part of our lives. We depend on them in every aspect. They are making our life reliable but in return we are destroying them. We all need to understand that trees are the only source through which we can extend our life expectancy. Without them we all will suffer through drought, Global warming and many other climatic degradation conditions.

The Helping Hut NGO organised the tree plantation campaign and we have a target of planting 500 trees.

Plant a tree today for a better tomorrow. Plant a tree in your neighbourhood and in your home. Our mother nature is in danger she needs our help. So helping her is not just our responsibility it's our duty. Protecting the nature is essential.

## 500 TREES CHALLENGE

## HELPING VOICELESS

Cleanliness is most important for a physical well being and a healthy environment. It has bearing on personal and public hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions.

Regardless of where you are, your surrounding plays a large role in your health and wellness. It's everybody's responsibility. One should keep themselves and their surroundings clean and hygienic. It also brings good and positive thoughts in the mind, which slow downs the occurrence of diseases. Seeing the current situation "HELPING HUT NGO" started an online campaign of cleanliness drive. It was really a great initiative by them, which is really appreciable. Through this drive people can become aware of the importance and methods of handling waste responsibly, and try to take a step towards a cleaner environment.

Recycling and re-using the waste it is a key component in modern waste reduction and utilisation of existing resources. It's also a opportunity to discover our creative side and presentation skills all together being beneficial for society. With rising population and needs there will be always requirement for new things and we may, or may not be in a shape to fulfill those requirements so, it's better recycle the waste without harming the natural environment and also fulfill the growing demands.

Waste management has always been a part of our culture from the ancient times we are still able to manage sustainable development with help of effective waste management schemes and with great contribution of society towards recycling existing waste. We need to continue the streak of effective management of our limited resources and also carrying forward the knowledge of waste utilisation which we have received from our ancestors.

#sabkidiwali

There is nothing more pious than watching a smile on everyone's face..It was one of the dreams of Dr. APJ Abdul Kalam, The Former President of India.

We at #HelpingHutNgo strive to bring that into reality. This Diwali we will try to bring smiles on as many faces as possible..

We with our team members will clean our surroundings as we all clean homes during Diwali. We will donate blankets and clothes to the needy as Diwali is celebrated generally in Oct or Nov and its cold out there. Food distribution so that no one sleeps empty stomach on a festival.

“Thousands of candles can be lightened from a single candle, and the life of the candle will not be shortened. Happiness never decreases by sharing .”

- Gautam Buddha

## ABKI DIWALI SABKI DIWALI

The harm is done, and we cannot do anything to reverse multiple deforestation's effects but we can at least try to start the process of healing by planting a tree at a time. We had to start somewhere and since we knew that we had to become the change we wanted to see in the world, our team at Helping Hut NGO started a plantation drive on world nature conversation day. Unanimously we were able to plant at least 500 trees and that was just the beginning. Our team in Patna also organized yet another successful plantation drive after that, but it didn't end there. As we know, planting a sapling is not a big deal for anyone but proper caring of it with water and all the required things is as important as planting, we unanimously swore to take care of those saplings and give them proper nutrition for it to grow. Plants should be regularly planted to save the mankind and the animal world. Tree plantation and its after-care is as pleasing as planting work. We can get much pleasure in planting trees and in taking care of them.

## PLANTATION CAMPAIGN

## SAVE NATURE SAVE LIFE

“The environment is where we all meet; where we all have a mutual interest; it is the one thing all of us share.”

-Lady Bird Johnson

It's rightly said that, 'save trees save earth'.

Helping Hut NGO aims to bring awareness about conserving our environment. We can conserve our environment by various ways such as :

- Protect Natural Habitats
- Reduce, Reuse & Recycle
- Conserve water use
- Plant more trees
- Buy sustainable products

We should protect and save nature in order to keep our mother earth clean, healthy and happy. It's our prime duty to take care of our nature to make it better for living of natural habitats.

The first step toward change is awareness, and the second is acceptance. Utthaan Abhiyaan initiated by the team of helping hut NGO is one of the few initiatives that talk about spreading awareness about the policies that our Indian Government has taken for the underprivileged people of our society. This awareness campaign aimed at making people aware about government schemes that were or are being initiated to help them but they never got to know about them due to lack of knowledge and awareness. Our team unanimously worked to spread information about the existing governmental schemes and visited the rural areas in order to ensure that correct information was spread. And as Phil McGraw once said, “Awareness without action is worthless”, we ensured that the people availed the benefits of the policies by telling them if they were eligible to avail those facilities or not, and also by informing them about the application processes.

## UTTHAAN ABHIYAAN

## **VALENTINE DAY CELEBRATION**

**Valentine is a treat for the person who we love and care for. We spent money to buy gifts, clothes, roses, etc. on this day for our loved ones. We thought that all the children deserve the same love. So we did something a little different this year.**

**This was the best valentine as we the Volunteers of Helping Hut NGO celebrated it with the underprivileged and orphans. The main Moto of our celebration was that they could know they are indeed loved by society. We decided to celebrate love in its true sense and tied up with 10-15 volunteers of Team Dwarka to serve the children by ensuring that each child is provided the best environment and opportunities to enjoy their childhood as is their right. We went to Orphanage on 14 february,2021. We had a great time being with the kids and also gave them small gifts which brought smiles on their face. We had planned some fun activites with the children thoroughly enjoying themselves and taking inspiration for a more fruitful life. They were the bright children who are being deprived of not just basic necessities in life, but also the opportunities to change their life.**

# CHRISTMAS DAY CELEBRATION

HELPING HUT NGO believes that -

**"The joy of brightening other lives, bearing each others' burdens, easing other's loads and supplanting empty hearts and lives with generous gifts becomes for us the magic of Christmas"**

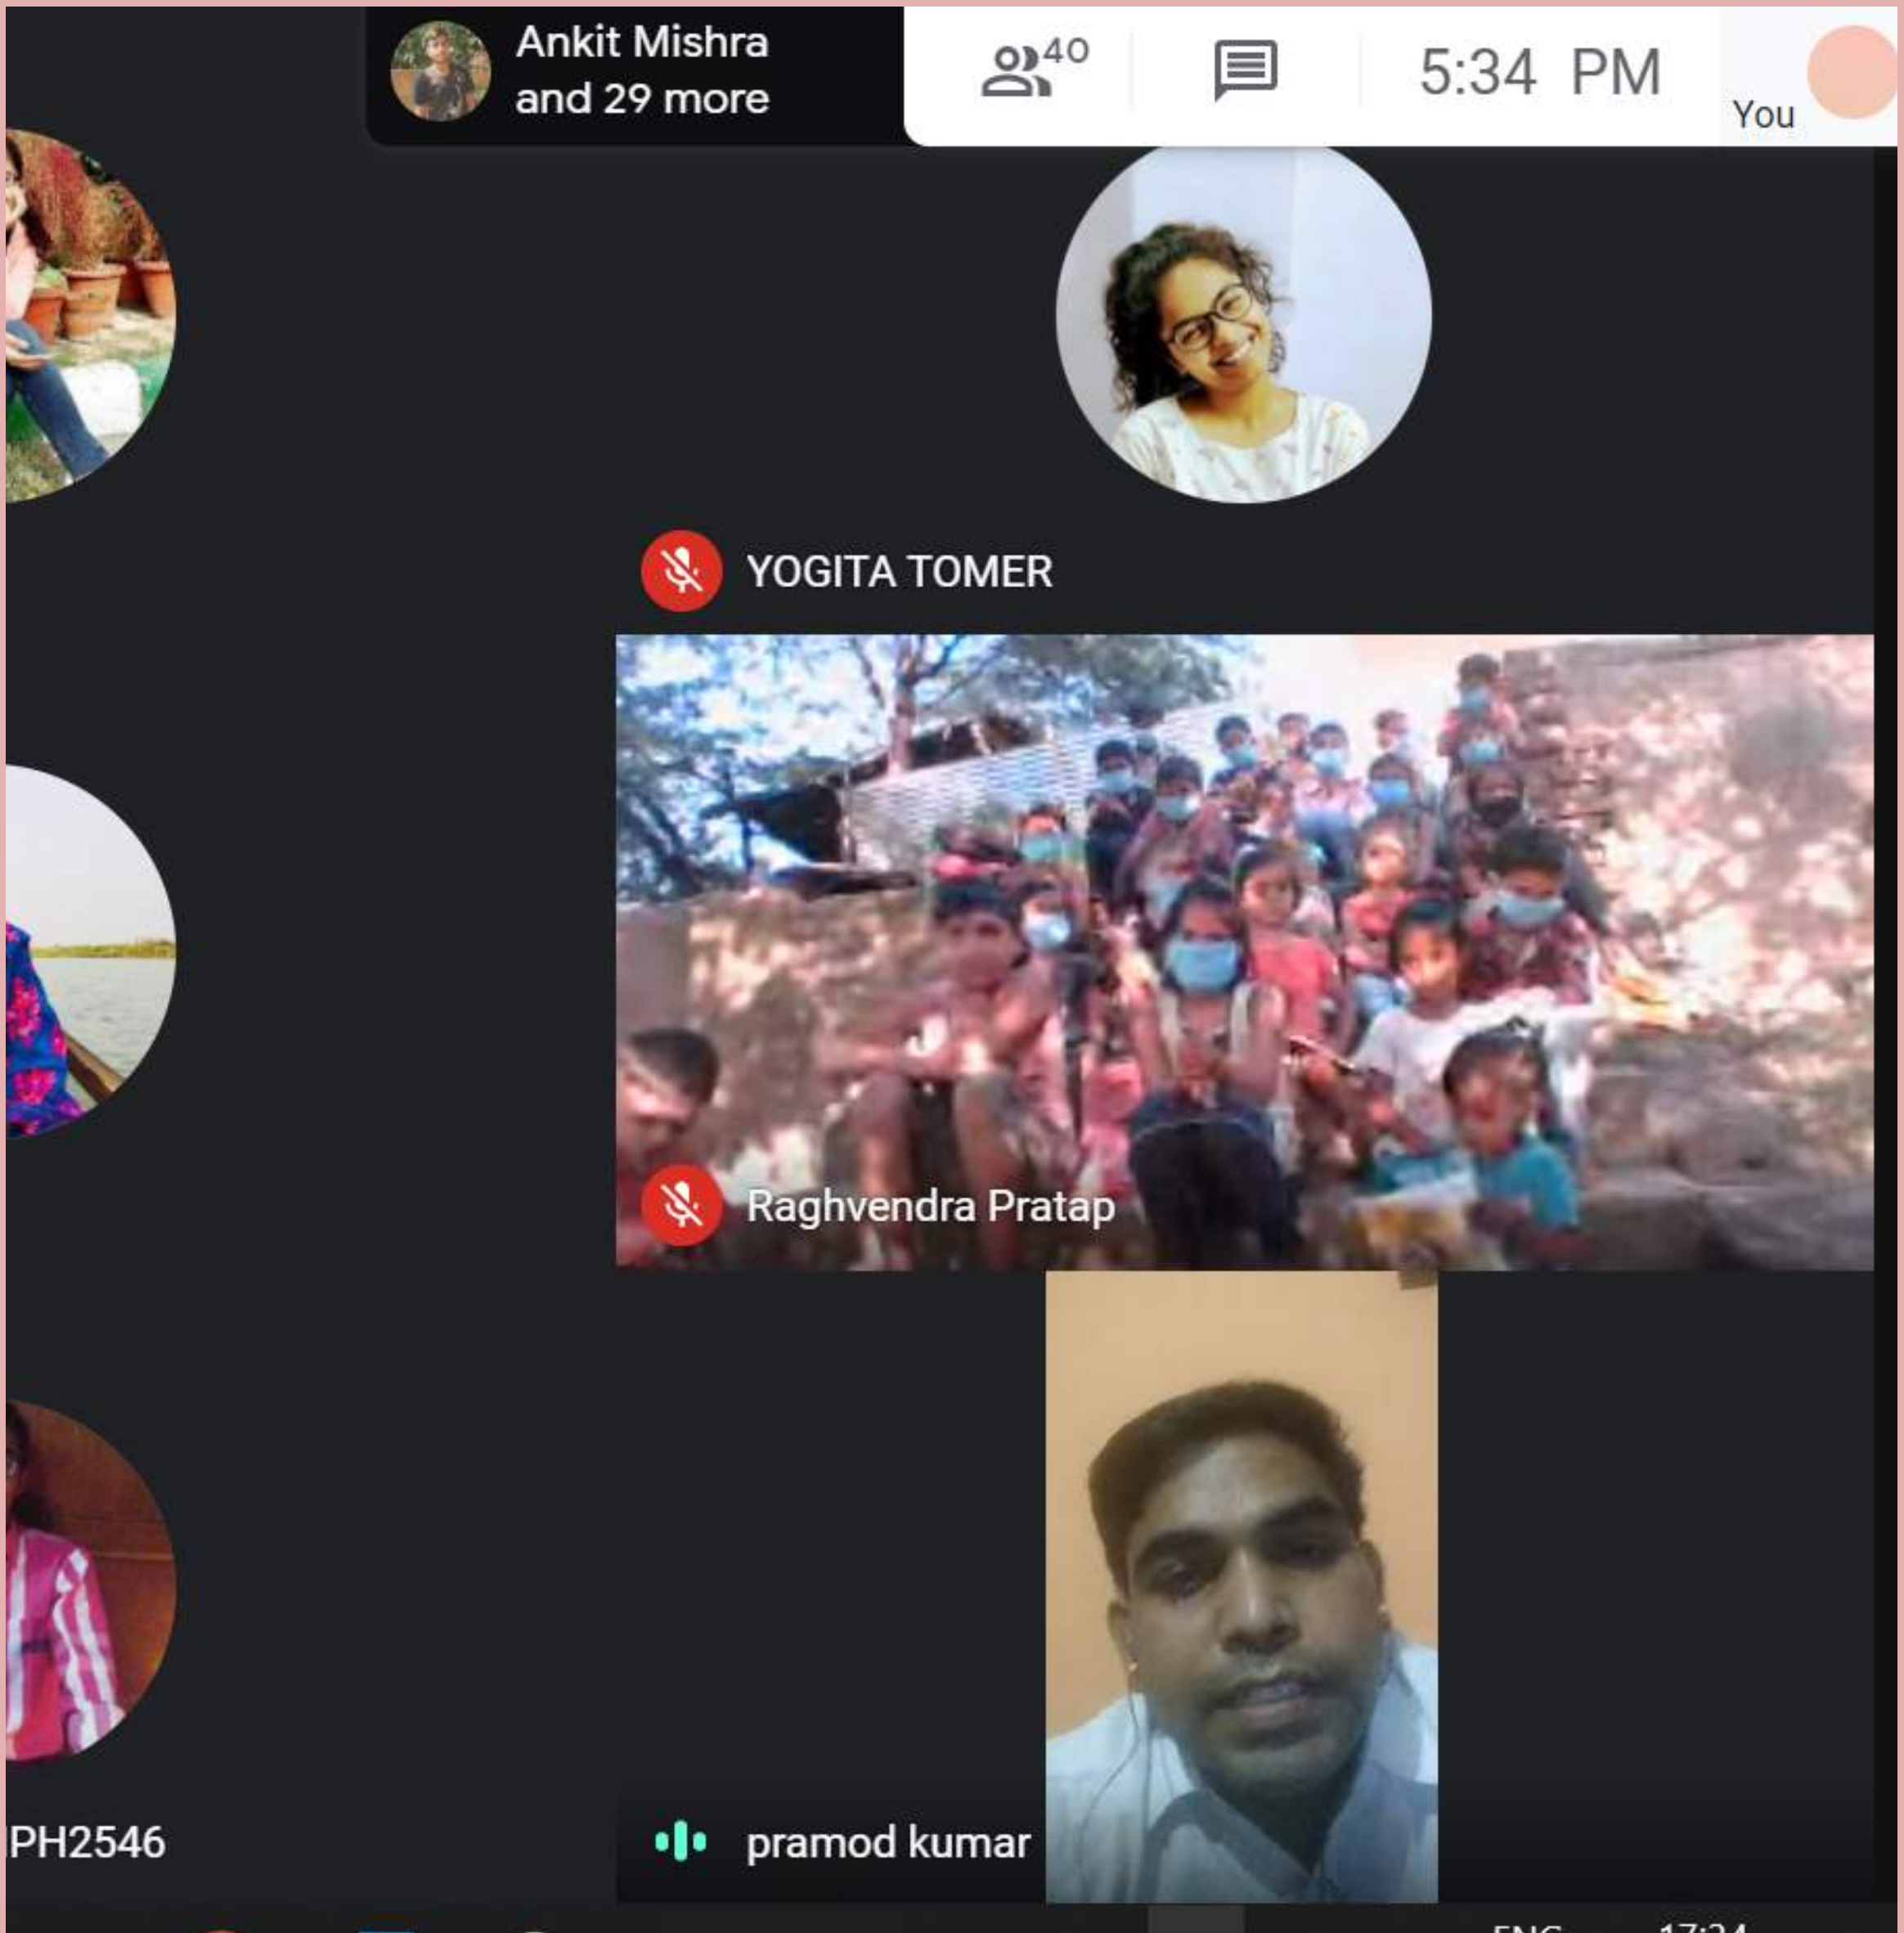

**With that objective helping hut ngo celebrates Christmas with some very special children of an orphanage at different places like Bal Seva Sangathan(nawada) at Dwarka, Delhi, Prena niketan (Najafgarh), and at many other places, By giving them clothes,foods, chocolates,toys,masks,aand many more things.**

## **INDEPENDENCE DAY CELEBRATION**

**We celebrate Independence Day in our country to remind us, that our country and its freedom is the result of sweat, patience, persistence, and sacrifice of those with the courage to dream freedom and make it a reality for their future generations. Indian freedom struggle and its seeds were cultivated long ago with the beginning of education phase of our freedom fighters. Proper education imparts knowledge and develops awareness, communication and various skills. With keeping that spirit in mind HELPING HUT NGO celebrated Independence Day on August 15th 2020 by distributing education kits to children who cannot bear the cost of education.**

**These children with free-spirit and open mind participated enthusiastically in the celebration by not only drawing national flag but also by taking their first steps towards their education. These flags not only represented our sense of freedom but also a sense of service and responsibility that comes along with it.**

## TEACHER'S DAY CELEBRATION

On the occasion of teacher's day with the cooperation of co-ordinators of Helping Hut Ngo in collaboration with Mr. Ashok Kumar, Assistant Professor at University of Delhi, conducted an awareness session on "Importance of studies on children's life and being independent especially for rural children". The session focused on uplifting the minds of children to help them clearly understand the motive of life and the need of education to drive them into the world of opportunities and technology. The mentor guidance and affection will help them discover their own path in the vast variety of options in life. We volunteered to to make this day special one for the teachers and the children to understand the importance of mentorship. These children with free-spirit and open mind participated enthusiastically in the celebration by not only drawing national flag but also by taking their first steps towards their education. These flags not only represented our sense of freedom but also a sense of service and responsibility that comes along with it.

## DIWALI CELEBRATION

With a motive to eradicate the sufferings of our society , we, the members of Helping Hut NGO took a pledge to cause least harm to environment and help as many people as is possible.

Firstly, our aim is to spread awareness among people to cause less pollution and instead hold a society fest which would include a grand party and a series of events involving discussion games as in, this way people come together and build strong bond . We enjoy and have amazing fun with the people around. We have conducted this fest in various societies across Dwarka and Nazafgarh numerous times. Last diwali, we heard the happiness of people, and their laughs instead of usual firecrackers that we were accustomed to, every year.

In order to help the small shopkeepers we encourage people to buy their products and inform them that their products are better if not as good as big brands .They are also cheaper and helps their families to celebrate a joyous Diwali.

# ACHIEVEMENTS

HELPING HUT NGO is non governmental initiative started by young enthusiast to extend our hands of hope to help marginalized sections of society and provide them support for dignified way of living .

“We wear a mask for you, you wear a mask for us.” we initiated our efforts by breaking the chain of transmission of COVID -19 . Our volunteers across different parts of country distributed mask and spread awareness about safeguard from the pandemic .

On the occasion of WORLD NATURE CONSERVATION DAY , we started a campaign to plant 500 trees to make our surroundings green and more habitable for the ecosystem and it was gone right as we thought it would be and we achieved more than we expected.

As epidemic of COVID -19 transformed to Pandemic. It added to the woes of the poor. In view of this, the team of Helping Hut organization came forward in some areas of Gwalior. They distributed old clothes making a fair distance to poor and helpless families.

उत्थान अभियान : This was an awareness campaign to aware planning too people of government schemes that are to help them but they never get to know about such schemes due to lack of knowledge and awareness.

We came up with the idea of distribution of education kit of 50 rupees each which includes books,copies, pencils and needed things...which was distributed on 15th August (Independence Day) in account to provide a hope that nothing should come as a barrier in their studies and shaping their life.On our anniversary we are also raising fund to distribute 1000 education kits.

We also do time to time campaigns to create awareness about menstrual hygiene among young girls and women of marginalized sections and donated essential of menstrual hygiene etc. to be the silver lining in thunder.

\*Our long term aim is to create employment and end beggary.\*We started with helping a tailor turned beggar to survive, we provided him with a sewing machine for the fresh start and live a dignified lifestyle.

It was moment of pride when our efforts started to bring difference and we're recognised by various digital and print media .But our biggest achievement so far is dedicated team more than 200 volunteers working together with their brilliant ideas , enthusiasm and commitment to the noble cause.

# VOLUNTEERS OF THE MONTH

## MEET OUR VOLUNTEER OF THE MONTH

**NIKITA  
KUSHWAHA**

Sitting at home idly was never fun for me, in this feeling of loneliness and helplessness when everyone was suffering and in pain, I really wanted to do something. The opportunity came up to me after some days as 'Helping Hut'. The sense of satisfaction you achieve when you actually do even a bit for people is immense.

## MEET FEBRUARY'S VOLUNTEER OF THE MONTH

**HARSHIKA  
(TEAM GWALIOR)**

While we've never faced a foe quite like COVID-19 before, doctors and scientists have studied what happens when people pull together and help others. Helping Hut NGO was the good option. Working with an NGO is a real-time experience. It enables your inner talent and provides enough exposure to enhance your skills.

## MEET JANUARY'S VOLUNTEER OF THE MONTH

**ANKIT  
(TEAM PATNA)**

After joining hands with Helping Hut NGO and working on the ground level, for the society made me feel the real satisfaction. It made me realize the happiness lies in the smiles you bring on other's face. Also, it helped me to inculcate a better personality and leadership skills.
